

## Who We Are

*The AAST Continuing Education Credit (CEC) Program provides educational providers and sleep center managers the opportunity to apply for and award AAST-CECs to students and participants with an approval process through the AAST Continuing Education Accreditation Committee.*

---

- Committed to assuring that approved programs meet requirements essential to maintaining and increasing a sleep professional's knowledge and skills in the rapidly evolving sleep field
- The CEC Accreditation Committee reviews educational applications for live, in-person events and online/e-Learning educational formats for AAST-CECs
- CECs earned through AAST-approved educational opportunities will be accepted by the Board of Registered Polysomnographic Technologists (BRPT) for RPSGT, CPSGT and CCSH recertification
- Educational Providers who submit a program for review can take advantage of highlighting their approved educational programs on the AAST [CEC Calendar](#), which reaches AAST's community of 2,500+ Members
- Attendees, both AAST Members and Non-Members, can claim their official AAST Continuing Education Credit Certificate through the AAST site
