

Qualifications of BOD Members

Effective Date:06/06/2016

Policy Number: 09

Revised Date: 2/3/2016

Policy: This policy outlines qualifications of members who wish to serve on the Board of Directors for the American Association of Sleep Technologists.

Qualifications:

AAST Officers and Directors must be AAST Regular members in good standing for three consecutive years. These individuals must be working full-time whose primary employment is in the Sleep Technology Profession (minimum 32 hours) with a minimum of 5 years of experience in Sleep Technology.

AAST Regular Members who wish to become AAST Officers and Directors must have prior involvement with a Taskforce or Committee or Board of Director experience in a sleep-related organization with a minimum of one (1) year experience.

Attributes:

AAST Officers and Directors should demonstrate senior leadership experience within the Sleep Technology Profession. These individuals should show the aptitude for strategic thinking, problem solving, risk management and financial workings of an organization.

AAST Officers and Directors should have the highest ethical standards, a strong sense of professionalism and be prepared to serve the interests of the members. These individuals should exhibit objectivity, commitment and inter-personal skills for the betterment of the American Association of Sleep Technologists organization.
